

AN EXPLORER WALKS THROUGH AN SEEMINGLY EMPTY CAVE, ONLY ILLUMINATED BY THE TORCH IN HIS HAND.

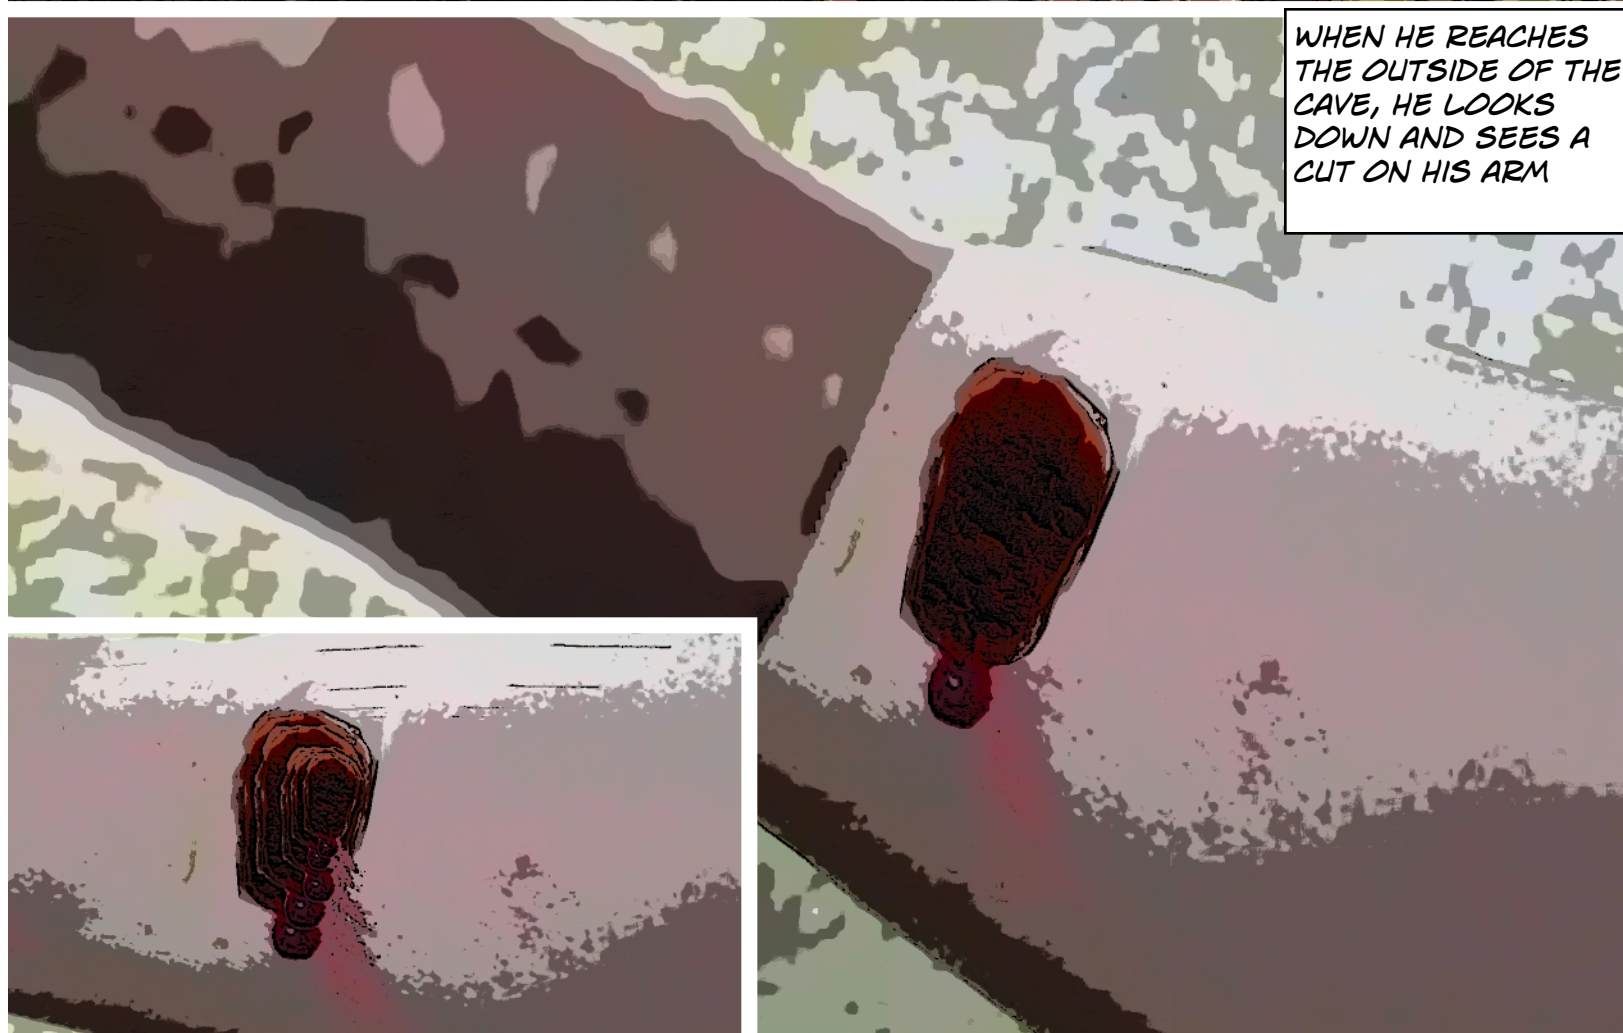

BATS FLY OVERHEAD, STARTLING HIM AND KNOCKING HIM TO THE GROUND.

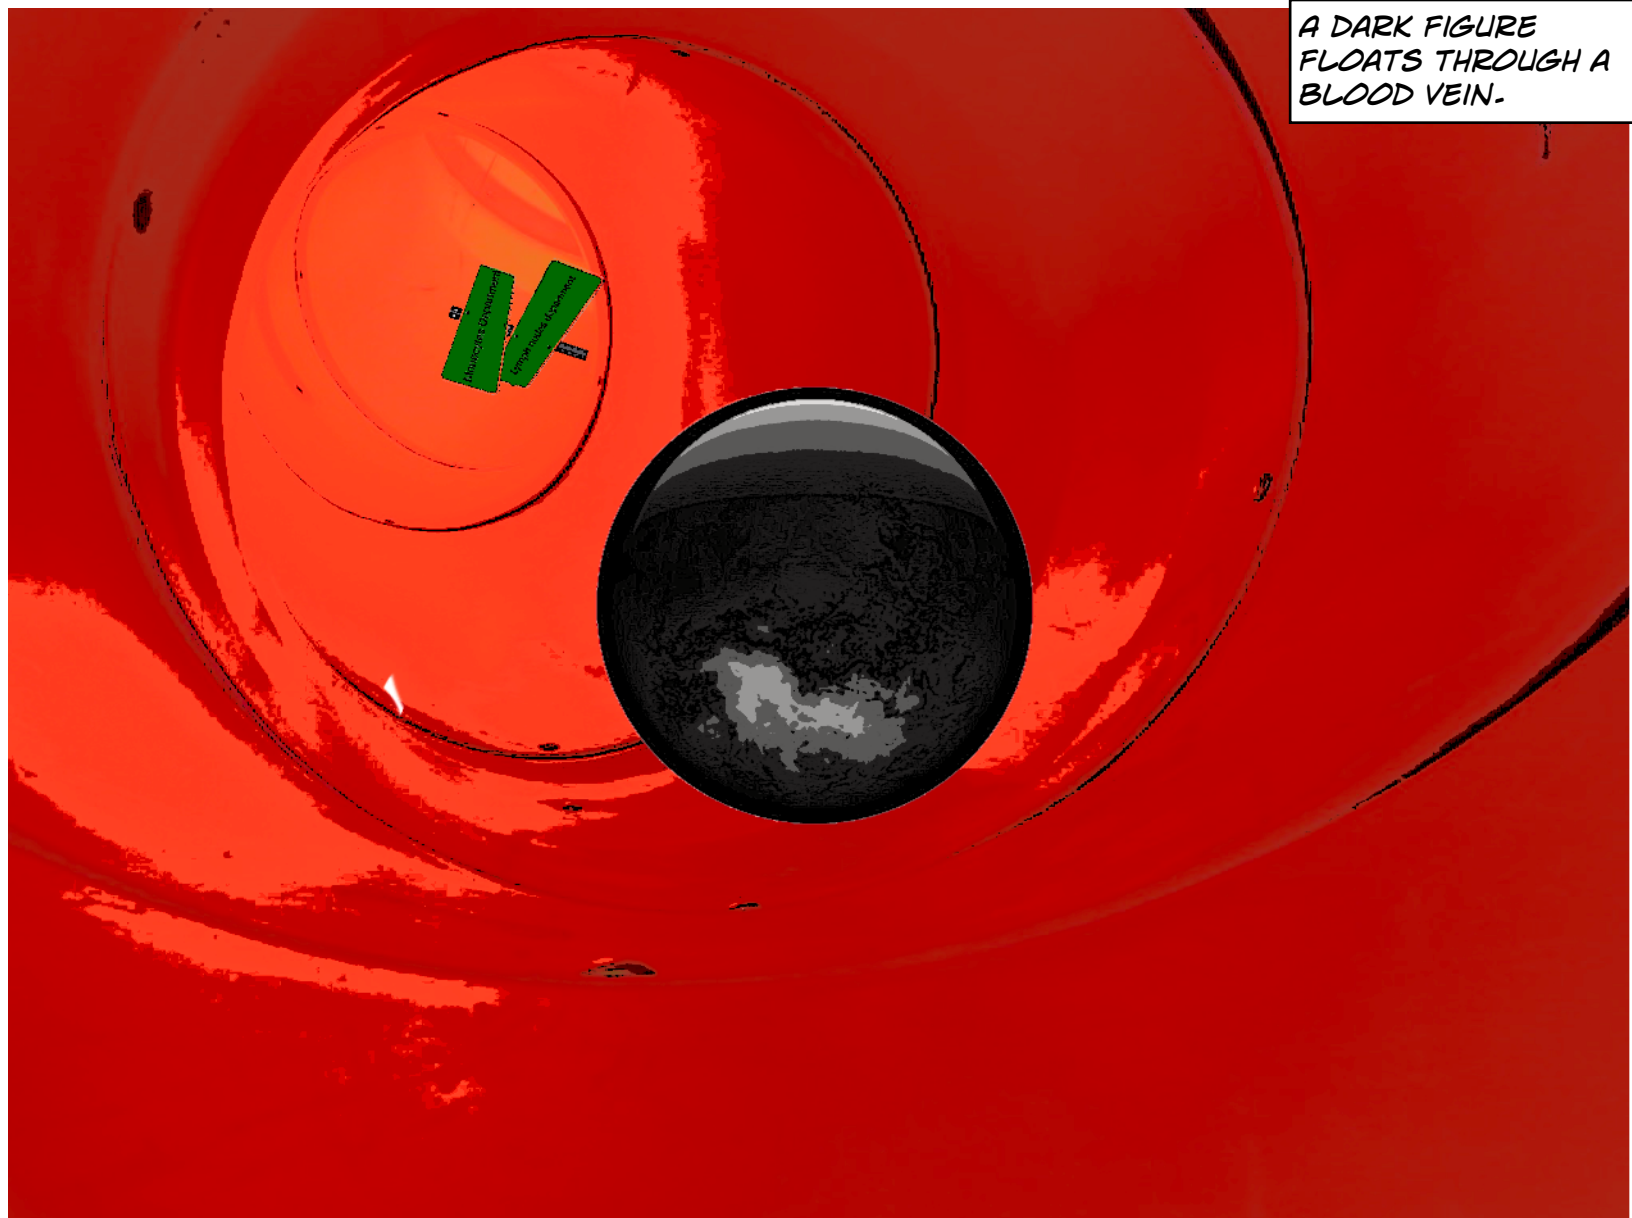

WHEN HE REACHES
THE OUTSIDE OF THE
CAVE, HE LOOKS
DOWN AND SEES A
CUT ON HIS ARM

A DARK FIGURE
FLOATS THROUGH A
BLOOD VEIN.

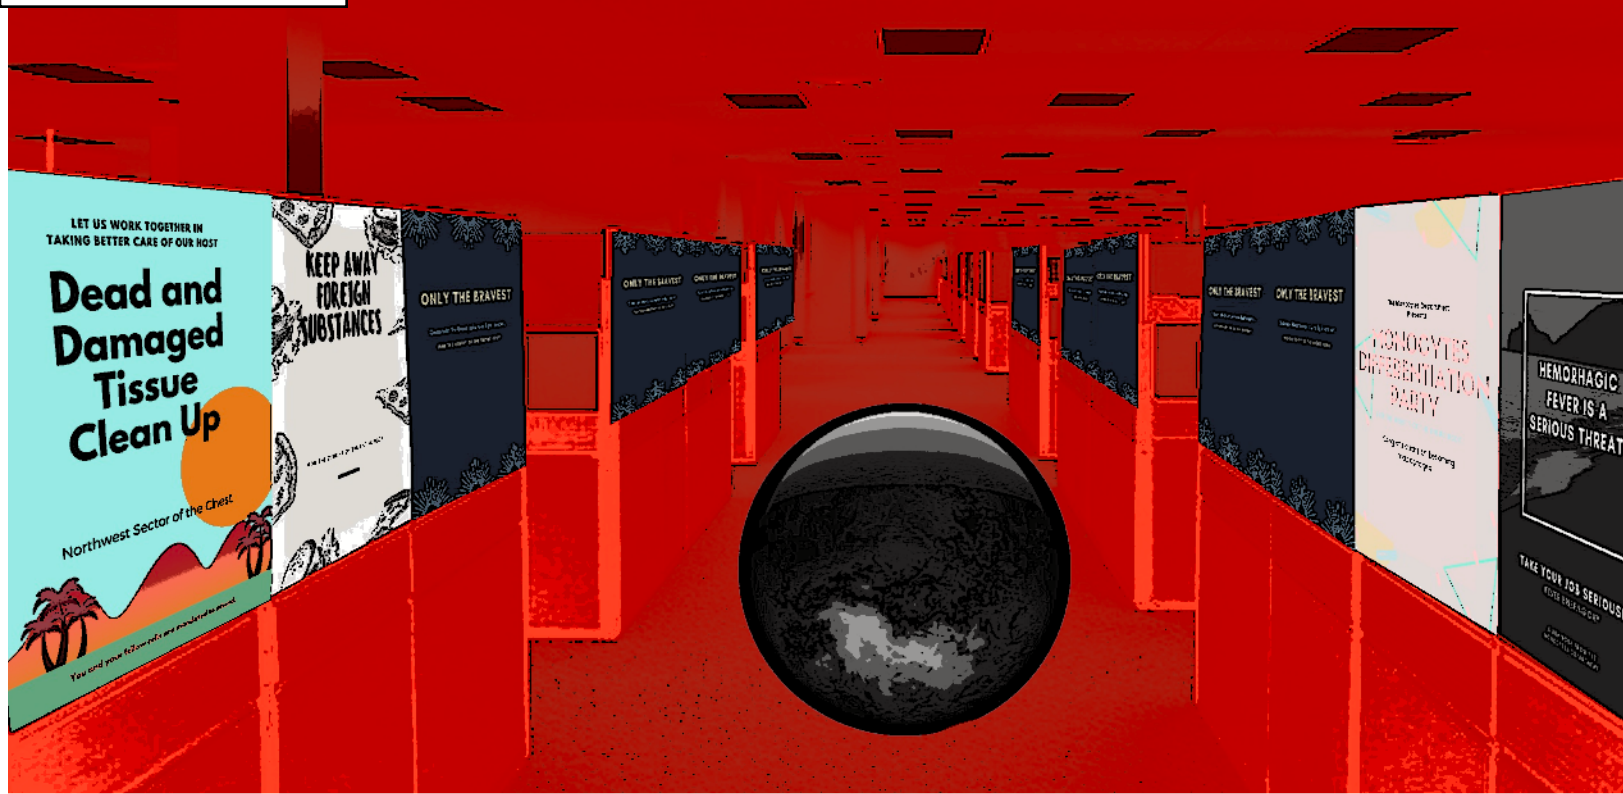

THE FIGURE
REACHES A
CROSSROADS AND
HEADS TOWARDS
THE MONOCYTES
DEPARTMENT.

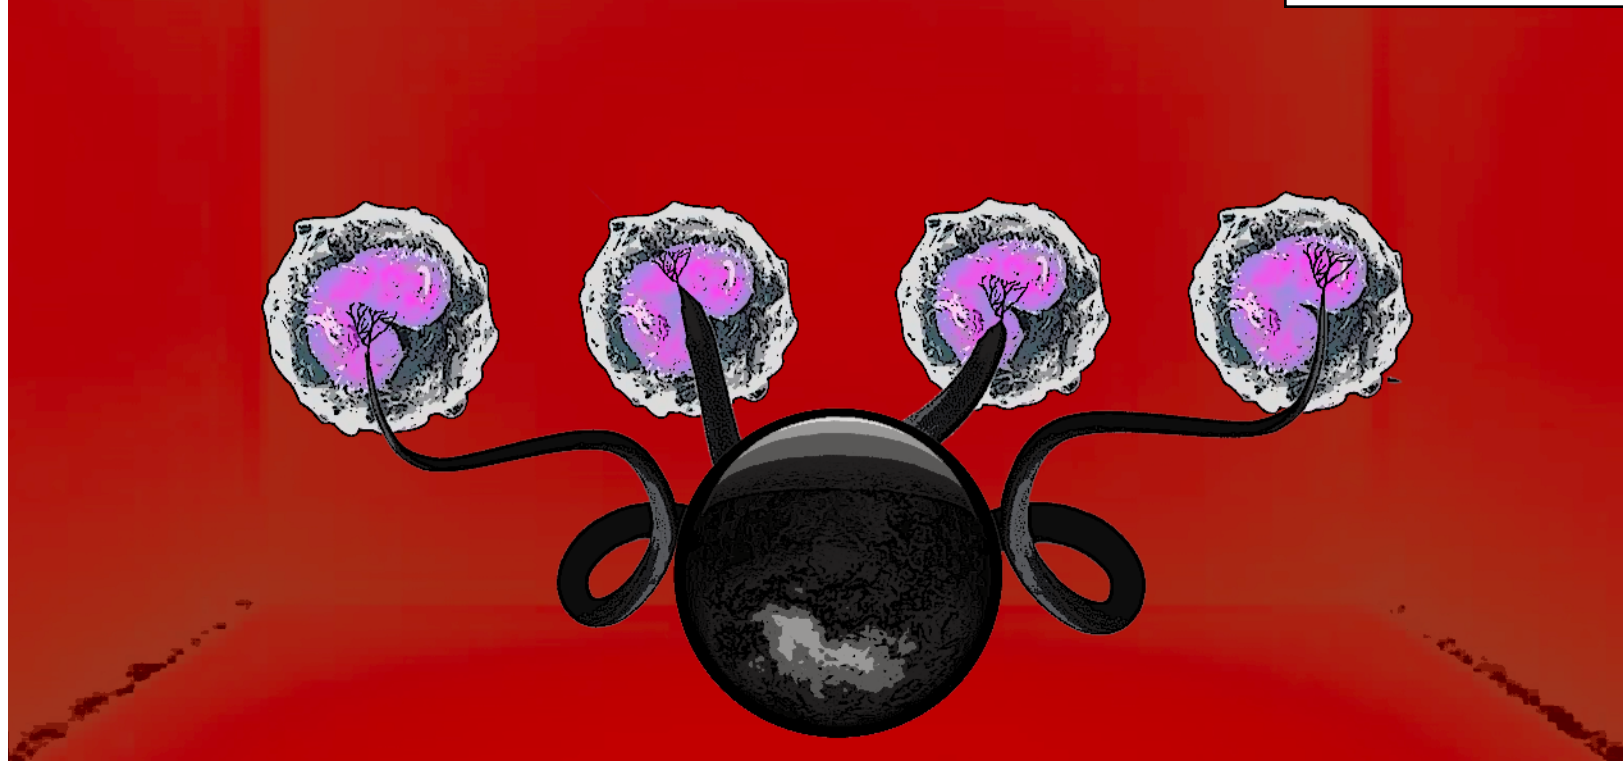

THE FIGURE FLOATS THROUGH THE RED WALLS OF THE MONOCYTES DEPARTMENT. THE MONOCYTES TOO HARD AT WORK TO NOTICE.

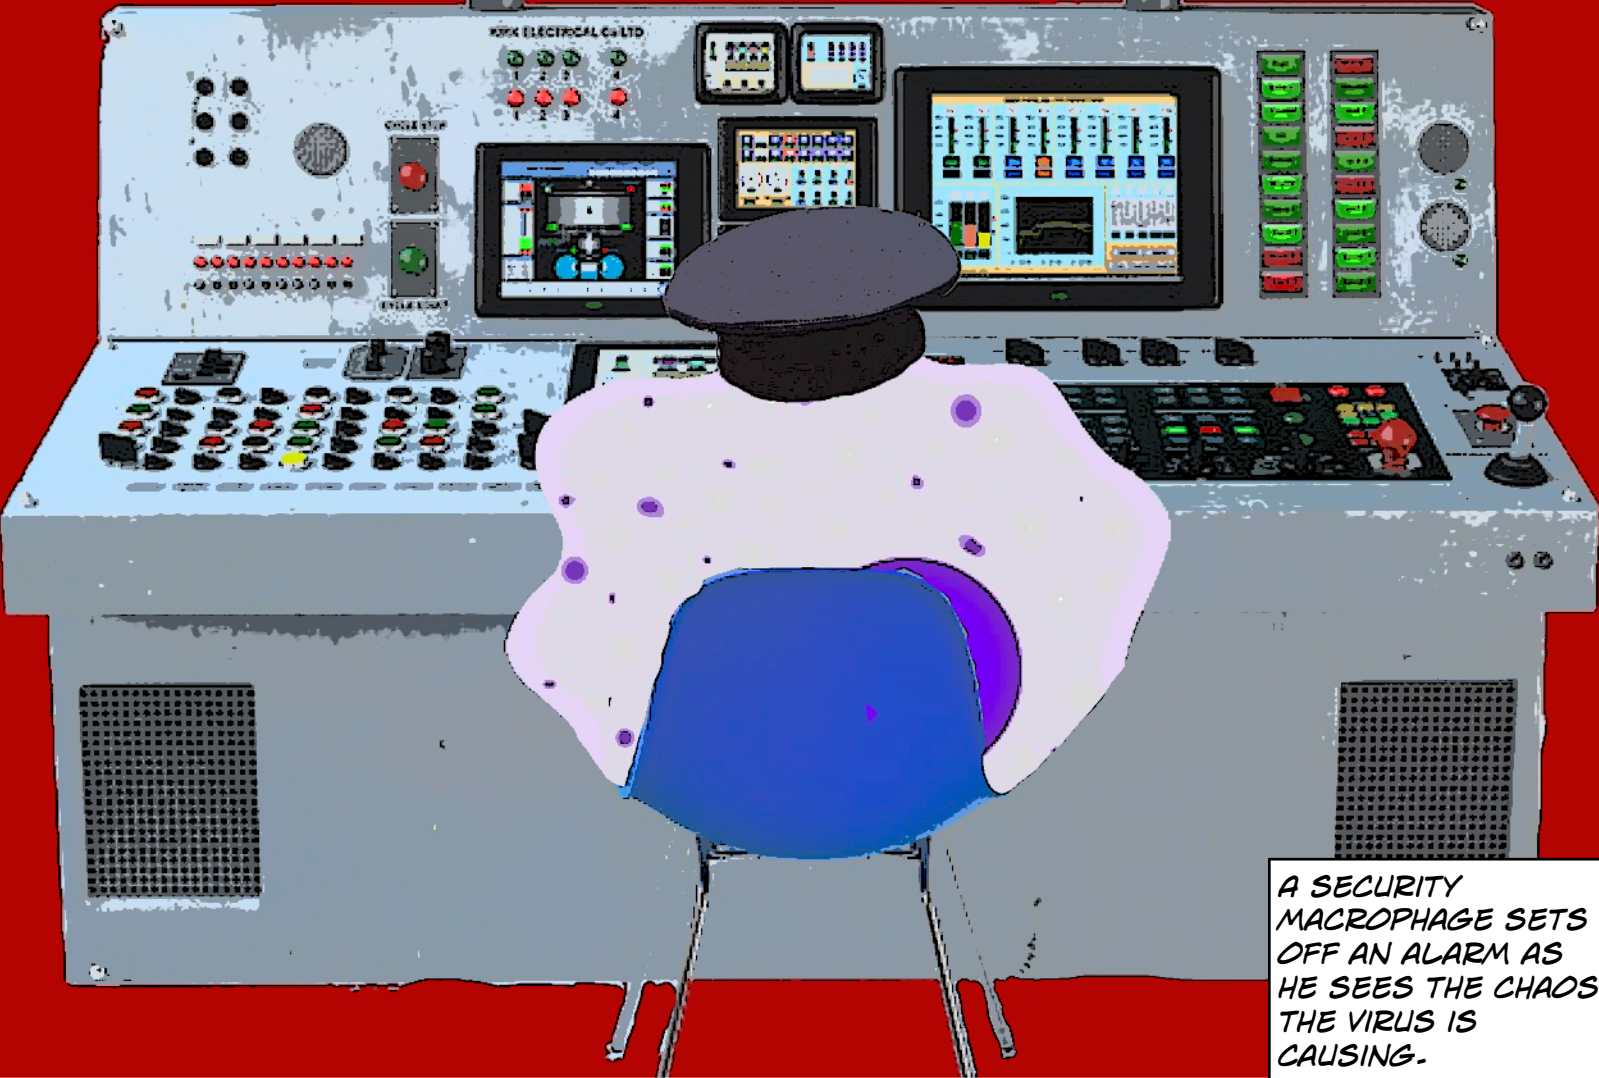

ALONG THE WALLS ARE POSTERS FOR THINGS LIKE A FEVER BRIEFING AND A DEAD AND DAMAGED TISSUE CLEAN UP

THE FIGURE STARTS HIS TORTURE OF THE MONOCYTES.

HE STARTS WITH THE MONOCYTES BECAUSE THEY ARE A FAMILY OF WHITE BLOOD CELLS THAT FIGHT OF DISEASES LIKE THIS ONE.

A SECURITY MACROPHAGE SETS OFF AN ALARM AS HE SEES THE CHAOS THE VIRUS IS CAUSING.

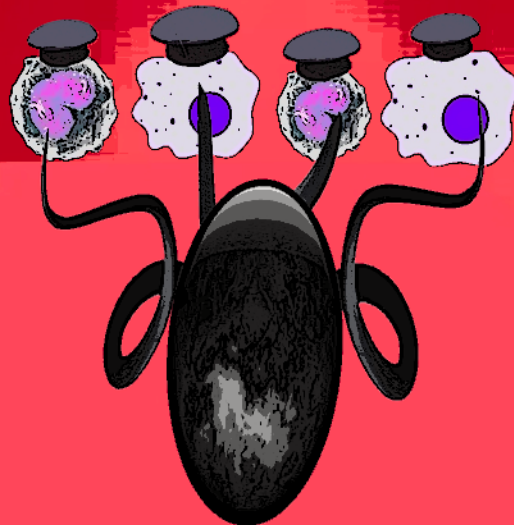

IT'S OVER. WE HAVE YOU SURROUNDED.

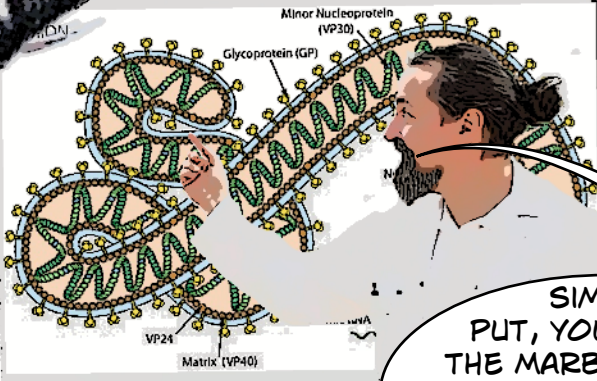

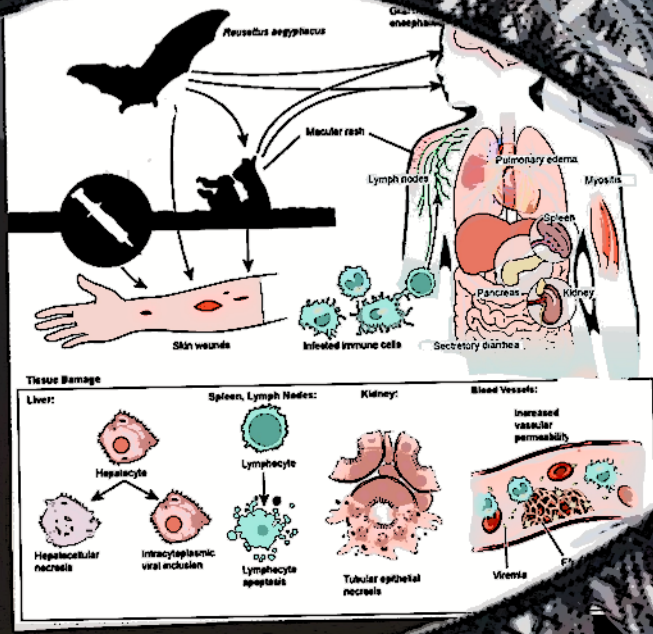

OVER FOR WHO?

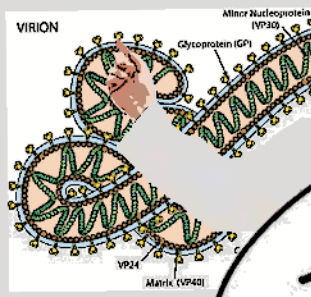

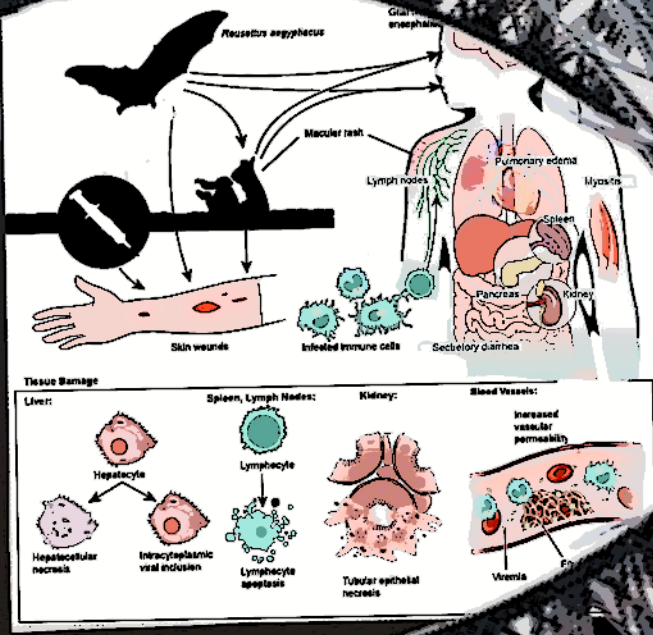

THE VIRUS DASHES FORWARDS AND DEMOLISHES THE WHITE BLOOD CELLS.

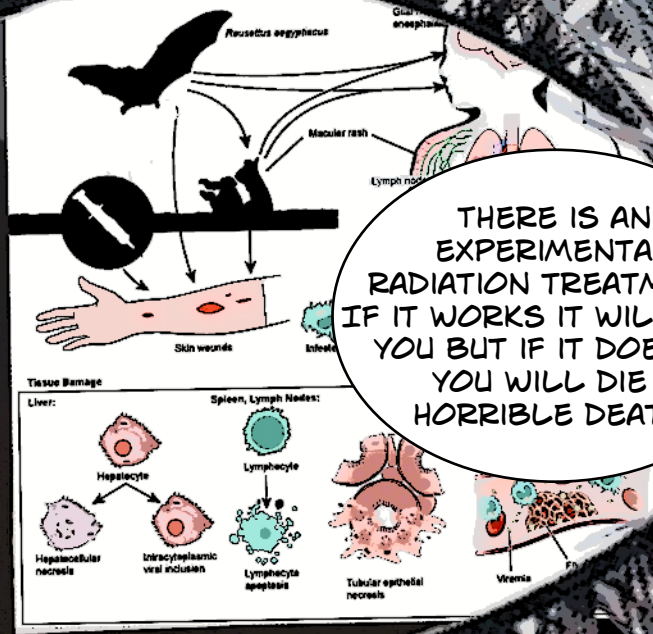

A DOCTOR EXPLAINS TO THE EXPLORER WHAT IS HAPPENING TO HIS CELLS

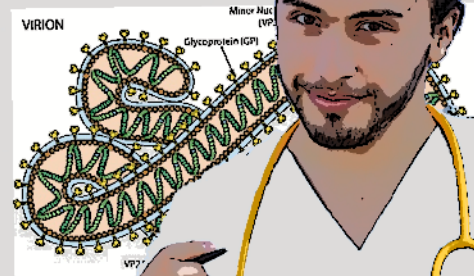

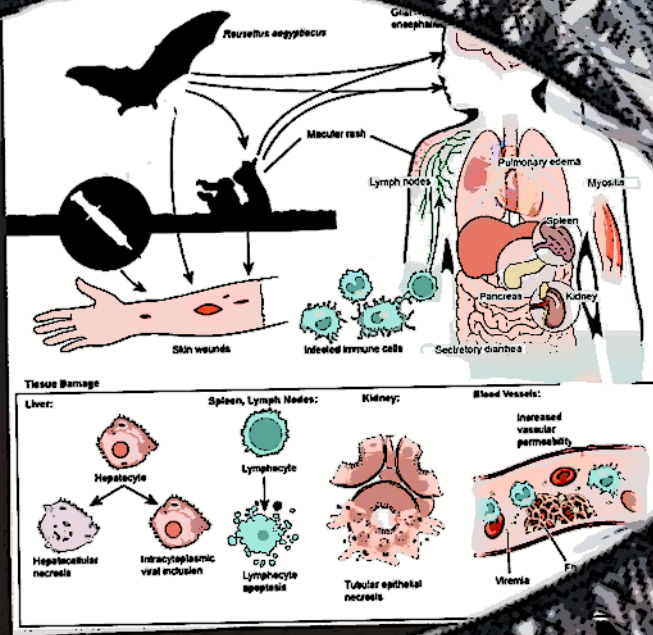

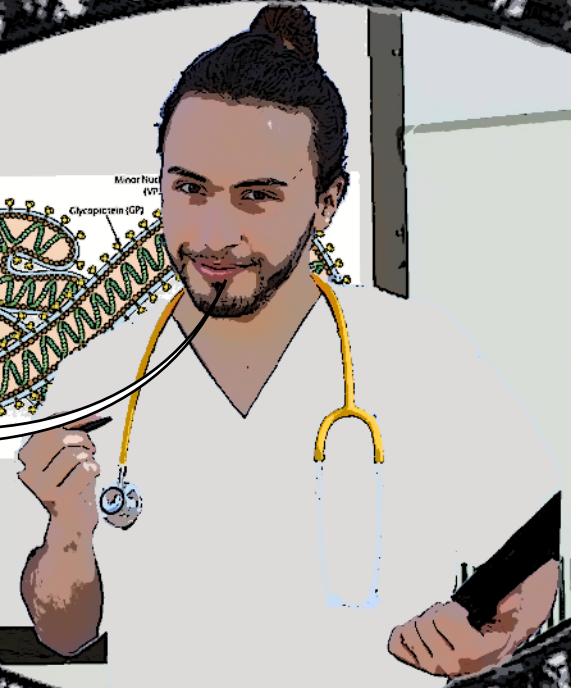

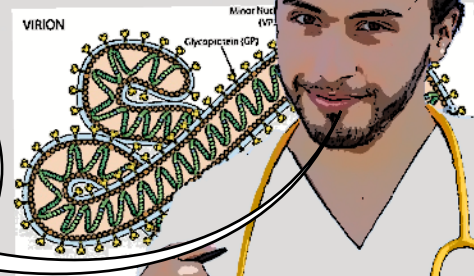

SIMPLY PUT, YOU CAUGHT THE MARBURG VIRUS FROM THE BATS IN THE CAVE AND YOU HAVE TWO WEEKS LEFT TO LIVE.

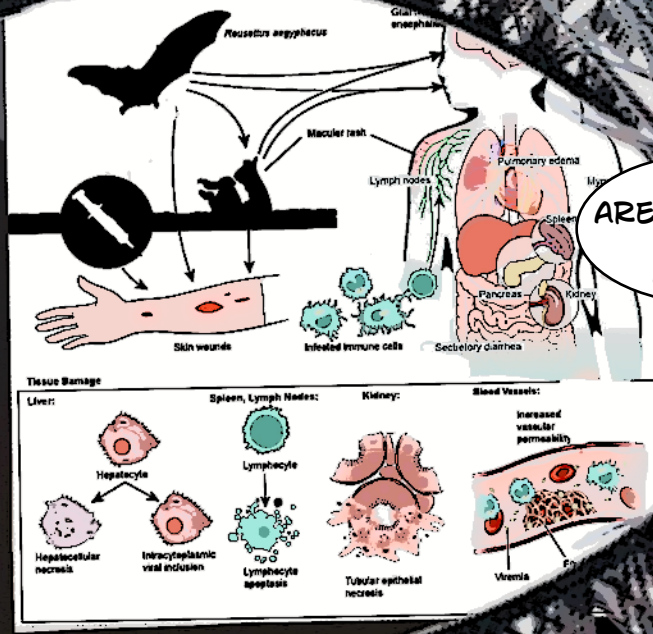

IS THERE ANY WAY TO SAVE ME?

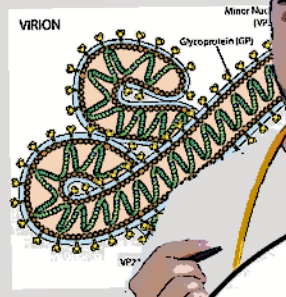

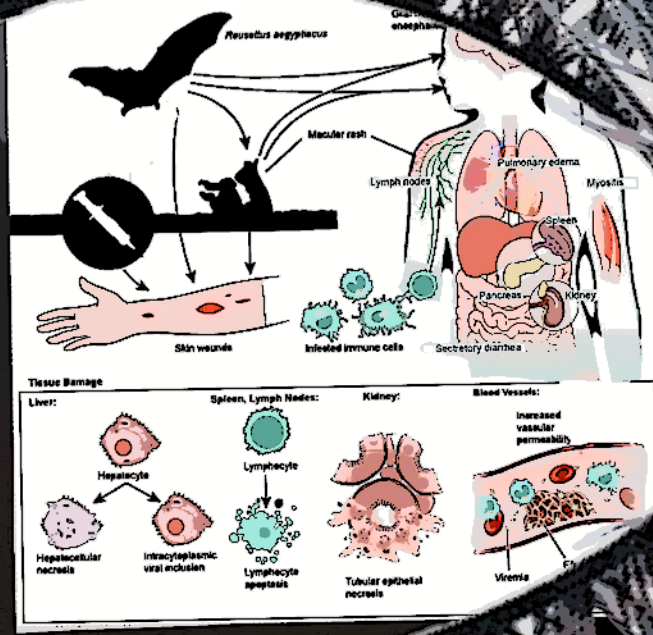

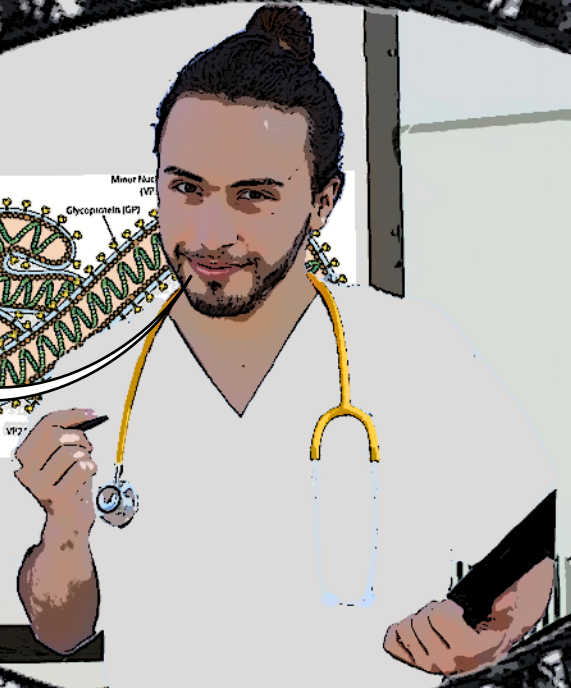

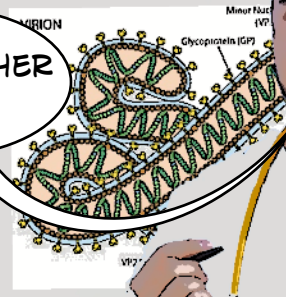

THERE IS AN EXPERIMENTAL RADIATION TREATMENT. IF IT WORKS IT WILL CURE YOU BUT IF IT DOESN'T YOU WILL DIE A HORRIBLE DEATH.

DO I HAVE ANY OTHER OPTIONS?

THERE ARE NO OTHER KNOWN CURES.

WELL THEN WHAT DO I HAVE TO LOSE?
