What is your **Story to Tell** question?

How do we make deeper connections beyond our classroom?

What is your **answer** to the question above?

Experiences outside the classroom can help us build our teamwork skills, develop student agency, and immerse ourselves in authentic experiences which we can apply to our future.

We did all of this by going on an overnight field study to Loon Lake, walking to the mailbox in Deep Cove to mail our letters, and conducting interviews with people in the community.

What **examples** will you provide to tell your story? 🧐

Evidence from Maker Film	Other Project Evidence:	Suggestions for 8's:

What **food** will you provide? 🗨️

- different coloured chocolate covered strawberries, each to represent a different experience or trip (including Gr. 8's experience)
- Watered down orange juice

What will the audience **hear**? 👂

- Water lapping on beach
- Birds Chirping
- Children talking faintly?

What **interactive experience** will you offer for your audience? 🖐️

- rope barge (barge on wheels, two of them so people can race by pulling on rope)

What will your station mates **wear**? 

- Dress up as trees or wear raincoats
