It's the End of my World as I Know It (And I Feel Fine)

PLP 8 - 2020!!!

That's great, it starts with a school change
Friends and teachers, and no games.
And hard work is al-ways.

Centre of the homework train, different cause now we learn
We are all with fatigues, don’t forget to try and sleep,
We all need a watch,
Read, runt, no, time
The ladder starts to clatter
With a fear of height, down, height
Liar in a fire, does it stop the heavy rain
And a locker for iPads and a lost work site
And time, was coming in a due date
And the teachers breathing down your neck.

Day by day, embarrassed , blushing, ears red, eyes down
Don’t know what to say, yes, no, sorry
Uh oh, overflow, uncomfortable, sorry
But it'll do, save yourself, serve yourself
Time serves its own needs, listen to your heart bleed
Nothing to say at the time right, right
You vitriolic, neurotic, slam fight, bright light
Feeling pretty psyched

It's the end of my world as I know it
It's the end of my world as I know it
It's the end of my world as I know it, and I feel fine

Six o'clock, dancing hour, don't get caught messing up
Crazy class, return, listen to the music beat
Don’t fall in anyway, simple turning, simply crazy
Every second escalate, automotive incinerate
Crazy dancing, dancing crazy, step down, step down
Watch your teacher yell, yell, uh oh
This means no awkwardness, timing, renegade and grand jete
A competition, a competition, a competition of life
Offer me solutions, offer me alternatives and I decline

It's the end of my world as I know it (I had some time alone)
It's the end of my world as I know it (I had some time alone)
It's the end of my world as I know it and I feel fine (time I had some time alone)
I feel fine (I feel fine)

It's the end of my world as I know it (time I had some time alone)
It's the end of my world as I know it (time I had some time alone)
It's the end of my world as I know it and I feel fine (time I had some time alone)

The other night I dreamed about homework, homework
Notes are all in a line, Ernest Einstein
Good friends, fun projects and different teachers
Where’s the party, grow up, we’re in high school, boom
You symbiotic, periodic, every day, right, right

It's the end of my world as I know it (time I had some time alone)
It's the end of my world as I know it (time I had some time alone)
It's the end of my world as I know it and I feel fine (time I had some time alone)

It's the end of my world as I know it
It's the end of my world as I know it
It's the end of my world as I know it and I feel fine (time I had some time alone)

It's the end of my world as I know it (time I had some time alone)
It's the end of my world as I know it (time I had some time alone)
It's the end of my world as I know it and I feel fine (time I had some time alone)

It's the end of the world as we know it (time I had some time alone)
It's the end of the world as we know it (time I had some time alone)
It's the end of the world as we know it and I feel fine (time I had some time alone)
