If you had your own video show, what would it be about?

Create a name, decide on the subject and type, and make a list of your first 3 videos.

Every YouTube star needs a professional banner that matches the style of their channel. Use the templates to draw two variations of your channel banner. Try different styles (clean, busy, bold, etc.) and colors.

Plan out your first video here.

## 1. WHAT WILL IT BE ABOUT?

How to make ice cream that is safe for dogs

## 2. DECIDE ON THE LENGTH OF THE VIDEO

About 5-10 minutes

## 3. SELECT MUSIC YOU WILL USE

Introduction, overview of channel's content, like + subscribe!

- Equipment and ingredients needed

- steps to make, how and the amount to serve

- Wrap up and catchy sign off line :)

## 5. GATHER NECESSARY EQUIPMENT AND START FILMING!
