

Our Community

Things that need to be shared

Wildlife

- Black bears
 - Being killed/re populated in our community
- Crows
 - Causing disturbance in our community
- Insects
 - Large amount of spiders
 - Bees being endangered worldwide

Threats

- Break-ins
- Car thieves
- Vandals
- People speeding down our side roads (in particular my road, where it has become a serious problem)
- Other various crimes

Geography

- Hidden places here
- Trails (bike, running, hiking)
- Cool areas most people cant access that have historical significance

The cove

- Stores and such that survive mostly on tourism, the tourists help our local economy
- Quarry rock

What perspectives should we seek?

- First nations
 - Gain their opinion on the situation
- Early settlers/colonizers here
 - Gain their opinion on the situation
- People born here
 - Gain their opinion on the situation
- People that have moved here from out of the province
 - Gain their opinion on the situation

How can we find/honor different perspectives

- By contacting local groups
 - Contacting local First nations communities
- interview other specific communities that relate to the topic
- Interview random people
- Do advanced research to find and interview significant members of our community that relate to its history and/or played a major role in its history

How can we share histories in our community

- Find intriguing and interesting ways to represent and show accurately what the different perspectives are. Either through social media, art, media, or any other form that allows that certain type of expression.
- Museums
- Gallery's
- Word of mouth communication/storytelling/sharing information about our history and certain perspectives here
