

JOHN CABOT AND THE SWEATING SICKNESS

By: Ryan Underwood

ONCE UPON A TIME THERE WAS A VERY ADVENTUROUS MAN HIS NAME WAS JOHN CABOT

ITALY, 1488

JOHN HAD A FAMILY OF 5, 3 SONS AND A WIFE

SEBASTIAN

LUDOVICO

SANCIUS

MATTEA

JOHN WAS A VERY ADVENTUROUS MAN BUT HE HAD A FLAW HE WAS UNORGANIZED AND THAT LED TO HIS FIRST VOYAGE BEING A TERRIBLE FAILURE

JOHN WENT ON HIS FIRST VOYAGE WITH ONE SMALL SHIP AND A SMALL CREW

HE RAN OUT OF WATER AND ENDED UP WITH A VERY ANGRY CREW

WHEN JOHN GOT BACK HE WAS EXHAUSTED AND VERY DEHYDRATED

MEANWHILE INSIDE THE BODY

HE DRANK TONS OF WATER

RESTED MOST OF THE DAY

JOHN HAD TO RECOVER FROM THE TERRIBLE FIRST ATTEMPT AT EXPLORING

THEN HE STARTED TO PLAN HIS NEXT EXPEDITION

WHERE WILL I GO?
WHAT WILL I DO?
WHAT DO I NEED?

THEN JOHN GOT A LETTER FROM THE KING OF ENGLAND, KING HENRY VII

HE READ THE LETTER AND THE LETTER OFFERED JOHN A EXPEDITION TO ASIA

HE GOT A CREW OF 18 AND 1 BOAT CALLED MATTHEW

HE GOT TO THE BOAT AND LEFT THE HARBOUR WITH TONS OF SUPPLIES

HE HEADED IN THE DIRECTION OF ASIA OR SO HE THOUGHT

WHILE ON THE VOYAGE ONE OF THE CREW MEMBERS STARTED TO COMPLAIN OF ACHING MUSCLES AND COLD CHILLS

AFTER A COUPLE HOURS THE CREW MAN STARTED TO GET A HEADACHE AND SWEATING LIKE NEVER SEEN BEFORE

EVENTUALLY BECAUSE NOBODY THOUGHT TO HELP HIM THE CREW MAN DIED

BUT RIGHT BEFORE HE DIED HIS SICKNESS TRAVELLED INTO CABOTS BODY THROUGH LICE

JOHN CABOT DOESN'T FEEL TO GOOD AND THE VIRUS IS TRAVELLING AROUND HIS BODY

FOR THE VIRUS TO REPLICATE IT FINDS A WAY INTO A CELL

THE VIRUS RELEASES RNA INTO THE NUCLEUS TO REPLICATE

THEN LASTLY THE VIRUS ESCAPES THE CELL TO INFECT MORE OF THE BODY

THE VIRUS IS PULLING AT HIS MUSCLES AND CHANGING THE TEMPERATURE OF HIS BODY

THE CELLS CANT BEAT THIS VILLAIN SO THEY ASSUME THAT THESE ARE THEIR LAST DAYS

UNTIL THE BOAT LANDS IN CANADA UNFORTUNATELY THAT WAS NOT THEIR INTENTION

THEY MET THE NATIVES AND TRADED SOME SUPPLIES FOR MEDICINE

THE MEDICINE ATTACKS THE VIRUS AND KILLS IT

JOHN HEADS BACK HOME CLAIMING CANADA AS KING HENRY VII'S LAND

ONCE THEY GET BACK JOHN REQUESTS ANOTHER LETTER TO GO ON ONE LAST

HE GETS THE LETTER ALLOWING HIM TO HAVE 6 SHIPS AND 200 MEN

HE PARTS FROM ENGLAND NOT KNOWING THIS WAS HIS LAST EXPEDITION

THE STORMS HIT THE WATER AND IT WAS IMPOSSIBLE TO STEER THE BOATS

JOHN DROWNED IN THE SHIP WRECK ALL OF HIS CELLS FIGHTING TO STAY ALIVE BUT IT WAS NO USE

ONLY ONE BOAT SURVIVED THE STORM AND CABOT WAS NOT ON IT

THE BOAT CAME BACK HEAVILY DAMAGED AND HAD NO GOOD NEWS

BECAUSE OF JOHN'S VOYAGE PEOPLE WERE AWARE
OF CANADA'S EXISTENCE AND MADE A NEW PATH TO
EXPLORATION

I HAVE PAVED THE PATH TO
CANADA
