

My Worldview

Values

- I value my family because they love and support me.
- I value my friends because they make me laugh, smile, and have fun.
- I value my right to an education because it will provide me with useful knowledge that I will use throughout my life.
- I value my free will because it gives me the ability to make my own choices and do what I want to do.

Geography

- I care about ecological preservation.
 - I care about the state of the climate.
 - I care about the amount of trees in the forests.
 - I care about the amount of waste that goes into the ocean.
- I care about what I have to wear and do based on the weather.
- I enjoy being around the mountains and the oceans.

Economy

- I believe that the rich and big corporations should be taxed equally to the poor percentage wise.
- I think that there should be a fair distribution of wealth.
- I think that there should be a minimum wage that keeps people above the poverty line.

Society

- I think that it is important that everybody is given free healthcare.
- I believe that society should treat everybody equally.
- I believe that everybody should have free will.
- I believe that everybody should have access to clean water and electricity for a low cost.
- I believe that everybody should treat animals with kindness.
 - I am against cruel factory farming practices.
 - I am against animal testing
- I believe that it is important that people should be able to be in a relationship or marry whoever they please, regardless of gender or ethnicity.

Beliefs

- I am agnostic atheist and don't think there is a god.
- I believe that you should treat others as you would like to be treated.
- I believe that everybody is born the same and that nobody is born good or evil.

Time

- Time effects when I go to school and when I don't.
- Time effects when I will be old enough to make certain decisions for myself..
 - I can vote when I am 18.
 - I can drive a car when I am 16.
 - I can become independent when I am 18.

Knowledge

- Technology is an important part of my lifestyle and how I gain knowledge.
- I have access to a high standard of education.
- I think that in an ideal world everybody has the right to an education.
- I believe that university should be free or low cost.
